INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Background to the ICAV

QNB Global Funds ICAV (the "ICAV"), incorporated on 11 December 2015, is an umbrella fund with segregated liability between sub-funds registered as an Irish Collective Asset-management Vehicle pursuant to the Irish Collective Asset Management Vehicles Act 2015 (the "ICAV Act 2015") on 11 December 2015 with registration number C148240. The ICAV is established as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended), (the "UCITS Regulations") and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, (the "Central Bank UCITS Regulations").

The ICAV currently has six sub-funds ("Sub-Funds"), three of which are operational:

- QNB MENA Equities Fund which was authorised by the Central Bank of Ireland on 19 August 2016 and launched on 31 January 2017.
- QNB MENA Debt Fund was authorised by the Central Bank of Ireland on 15 December 2016 and launched on 5 July 2017.
- QNB REIT Fund was authorised by the Central Bank of Ireland on 18 July 2017, launched on 3 October 2017 and terminated on 20 May 2020.
- QNB ZyFin India Consumption UCITS Fund was authorised by the Central Bank of Ireland on 20 December 2017 and has not launched as of 30 June 2024.
- QNB Asia Pacific Ex-Japan Equity Fund was authorised by the Central Bank of Ireland on 21 December 2017, launched on 2 May 2018 and terminated on 25 January 2022.
- QNB Global Sukuk Fund was authorised by the Central Bank of Ireland on 15 June 2018 and launched on 16 October 2018.

At the financial year end, the following share classes were in operation:

- One class of shares in issue for QNB MENA Equities Fund: Class A USD Retail
- One class of shares in issue for QNB MENA Debt Fund: A Class; and
- One class of shares in issue for QNB Global Sukuk Fund: A Class

All share classes in issue during the financial year are unhedged.

QNB MENA Equities Fund ("MENA")

Investment Objective

The objective of MENA is to provide long term capital appreciation above the S&P Pan Arab Composite LargeMidCap Capped 10/40 Index through investment in equity securities on recognised markets located in the Middle East and North of Africa.

Investment Policy

MENA will seek to outperform the Benchmark Index by investing primarily in equity securities listed on recognised markets in Middle East and North of Africa. MENA may invest up to 10% of its net assets in equity-linked participation notes ("P-Notes") that are not listed on Recognised Markets.

MENA shall invest at least 80% of its NAV in equity securities listed on recognised markets in Middle East and North of Africa, including access to equities through the P-Notes.

The investment manager may also buy swaps, futures and options for efficient portfolio management purposes and for investment purposes where it is believed by the Investment Manager to be in the best interests of MENA in order to fulfil its investment policy and to gain exposure to the securities set out above. The securities in which MENA invests (other than unlisted securities) will be primarily listed or traded on recognised markets in Middle East and North of Africa in accordance with the limits set out in the UCITS Regulations.

INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Background to the ICAV (continued)

QNB MENA Debt Fund ("MENA DEBT")

Investment Objective

The objective of MENA DEBT is to generate income with some prospect of capital gains over the medium term by investing in a diversified range of bonds.

Investment Policy

MENA DEBT will primarily invest in a diversified range of bonds with either a fixed or floating rate of interest, listed or traded on global recognised markets and issued by (i) governments, government related entities and corporations in the Middle East and North Africa and Turkey; and/or (ii) by corporations which derive a significant proportion of their revenues or profits from, or have a significant portion of their assets in Middle East and North Africa or Turkey. Up to 10% of the NAV of the MENA DEBT may be invested in the bonds of issuers in Turkey.

MENA DEBT may also invest up to 10% of its Net Asset Value in bonds issued by governments, government related entities and corporations which are listed or traded on recognised markets outside Middle East and North Africa or Turkey. MENA DEBT will invest in bonds in accordance with the limits set out in the UCITS Regulations and at least 60% of the Net Asset Value of MENA DEBT will be invested in bonds with an investment grade rating.

MENA DEBT may hold ancillary liquid assets (such as deposits; commercial paper or other short-term fixed income instruments) and short-term commercial paper; and up to 10% of its Net Asset Value in units in UCITS or eligible exchange traded funds in accordance with the UCITS Regulations. All investments will be made in accordance with local investment restrictions.

QNB Global Sukuk Fund ("Sukuk")

Investment Objective

The objective of Sukuk is to generate income with some prospect of capital gains above FTSE Ideal Ratings Sukuk over the medium term by investing in a diversified range of sukuk bonds.

Investment Policy

Sukuk will seek to outperform the Benchmark Index by investing primarily in a diversified range of sukuk bonds with either a fixed or floating rate of income, listed or traded on global Recognised Markets and issued by governments, government related entities and corporations globally. Sukuk may also invest up to 40% of its net assets in Islamic compliant liquid assets.

Sukuk will invest in sukuk bonds in accordance with the limits set out in the UCITS Regulations and at least 60% of its Net Asset Value will be invested in sukuk bonds which are issued by governments, government related entities and corporations which have been assigned an investment grade rating by at least one recognised rating agency.

INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Investment Manager's Report

QNB MENA Equities Fund

Fund performance in 2024

	QNB MENA Equities Fund	S&P Pan Arab Composite Large Mid Cap
YTD	-4.49%	-2.73%

Investment Manager Comments

MENA equities fund had a negative performance of -4.49% in the reporting period underperforming the Benchmark that was negative 2.73%. Relative to global markets, Mena Equities unperformed the MSCI World and MSCI Emerging Markets index. Global equities uptrend extended during the year supported by the strong performance from the mega cap stocks in the S&P 500 index. Both equity and bond markets are anticipating sooner rather than later interest rate cuts. Commodity complex represented by the Bloomberg Commodity Index rose 3.29%.

The fund underperformed its benchmark primarily due to selection effects. Funds relative performance negatively impacted by overweight in Saudi Arabia market and underweight in Egypt and Morocco. Positive contribution to relative performance from UAE and Qatar markets. From a sectoral perspective, the biggest contributors to negative relative performance were Materials and Healthcare. While Energy and Consumer Staples were positive to relative performance.

Mena markets relative performance to global markets pulled back from intermediate high in mid-2022. We anticipate that the pullback will make a higher lower and reverse back to the upward trajectory established. Commodity prices to benefit from the recovery of the global economy following structural changes in supply in the previous decade. Valuations remain undemanding while earnings growth expected at higher single digit.

Investment Manager's Report

QNB MENA Debt Fund

Fund performance in 2024

YTD	QNB MENA Debt Fund	Benchmark FTSE MENA index
	2.13%	1.22%

Investment Manager Comments

The first half of 2024 was not as positive for Fixed Income as expected, with rate cut expectations diminishing and being pushed towards the latter part of 2024. The main catalyst is the evident soft-landing scenario, with growth staying positive yet slowing, together with inflation. Rates are expected to stay higher for longer, and hence, returns will predominantly be generated by carry during the second half of 2024 for fixed income space. In Q2, the US 10-year treasury yields ended higher at 4.40% from 4.20%. The entire curve was moved higher by 10-20 points during this period. The economic data on US growth, while showing signs of moderation, remain strong and stable. On the inflation side, the disinflation trend doesn't appear to be strengthening enough for the Fed to make bold decisions. The issue is mainly the service inflation that has been stickier than expected. This has been the case during 2024, with rate cut expectations continuously being pushed towards the latter part of the year and has been reduced to a max of two rate cuts from the seven cuts at the beginning of the year. However, many variables are in play as the US budget deficit is expected to widen with either of the US administrations in power and a possible reversal in the inflation trend in case of a trump administration in power. Therefore, there is a remote possibility of a rate hike and an elevation of the yield curve from current levels. During the quarter, Brent ended lower at c. USD 86.41 from c. USD 87.48. Despite the drop, elevated levels are expected to remain due to global demand and ongoing conflicts within the Middle East. The regional IG and HY space remain favorable to their global counterparts and will continue attracting flows from yield-seeking investors as the current yields reflect decade-long highs.

QNB MENA Debt Fund, after being launched in 2017, has paid 13 coupons. We remain focused on taking advantage of the opportunistic trades apparent in the market. The fund manager has gradually increased the fund's duration to position the fund to an eventual steeper yield curve. Assets of the Fund are satisfactorily deployed as per the investment guidelines and also in line with the selected benchmark, which the fund intends to outperform in the longer run.

Investment Manager's Report

QNB Global Sukuk Fund

Fund performance in 2024

	QNB Global Sukuk Fund	Benchmark FTSE Sukuk Index
YTD	1.82%	0.54%

Investment Manager Comments

The first half of 2024 was not as positive for Fixed Income as expected, with rate cut expectations diminishing and being pushed towards the latter part of 2024. The main catalyst is the evident soft-landing scenario, with growth staying positive yet slowing, together with inflation. Rates are expected to stay higher for longer, and hence, returns will predominantly be generated by carry during the second half of 2024 for fixed income space. In Q2, the US 10-year treasury yields ended higher at 4.40% from 4.20%. The entire curve was moved higher by 10-20 points during this period. The economic data on US growth, while showing signs of moderation, remain strong and stable. On the inflation side, the disinflation trend doesn't appear to be strengthening enough for the Fed to make bold decisions. The issue is mainly the service inflation that has been stickier than expected. This has been the case during 2024, with rate cut expectations continuously being pushed towards the latter part of the year and has been reduced to a max of two rate cuts from the seven cuts at the beginning of the year. However, many variables are in play as the US budget deficit is expected to widen with either of the US administrations in power and a possible reversal in the inflation trend in case of a trump administration in power. Therefore, there is a remote possibility of a rate hike and an elevation of the yield curve from current levels. During the quarter, Brent ended lower at c. USD 86.41 from c. USD 87.48. Despite the drop, elevated levels are expected to remain due to global demand and ongoing conflicts within the Middle East. The regional IG and HY space remain favourable to their global counterparts and will continue attracting flows from yield-seeking investors as the current yields reflect decade-long highs.

QNB Global Sukuk Fund was launched in October 2018 and has distributed ten coupons. The fund manager continues to seek Sukuk Investments that would add value to the fund in the longer term. Also, we have been cautiously adding duration to the Fund without compromising the yield due to an inverted yield curve. Yet we remain lower than the benchmark duration and will monitor to position the Fund to benefit from the curve movement over the long run.

INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Notes to the Financial Statements

1. The ICAV

QNB Global Funds ICAV (the "ICAV"), incorporated on 11 December 2015, is an umbrella fund with segregated liability between sub-funds registered as an Irish Collective Asset-management Vehicle pursuant to the Irish Collective Asset-management Vehicles Act 2015 (as amended) (the "ICAV Act 2015") on 11 December 2015 with registration number C148240. The ICAV is established as an undertaking for collective investment in transferable securities ("UCITS") pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended), (the "UCITS Regulations") and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, (the "Central Bank UCITS Regulations").

2. Significant accounting policies

(a) Basis of presentation

The condensed interim financial statements for the period ended 30 June 2024 are presented in accordance with International Accounting Standard 34, "Interim financial reporting" ("IAS 34") and the UCITS Regulations and Central Bank UCITS Regulations.

These financial statements should be read in conjunction with the annual audited financial statements for the year ended 31 December 2023, which have been prepared under International Financial Reporting Standards ("IFRS") as adopted by the European Union ("EU").

The financial statements are prepared under the going concern basis and on the historical cost basis, except that financial instruments classified as at fair value through profit or loss which are held at fair value. The condensed interim financial statements as of 30 June 2024 are unaudited. We note that the statutory auditor's report in the audited financial statements for the year ended 31 December 2023 was unqualified.

Critical Accounting Estimates and Judgments

The preparation of the condensed unaudited financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed unaudited interim financial statements, the significant judgements made by management in applying the ICAV's accounting policies and the key sources of estimation uncertainty were the same as those applied to the audited financial statements for the year ended 31 December 2023.

Functional and Presentation Currency

The Directors consider US Dollars (USD) the currency that most faithfully represents the economic effect of the underlying transactions, events, and conditions of the ICAV. The USD is the currency in which the ICAV measures its performance and reports its results.

Accounting Policies

The accounting policies and methods of calculation applied in these condensed interim financial statements are consistent with those applied in the audited financial statements for the year ended 31 December 2023.

(a) Standards and amendments to existing standards effective 1 January 2024

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 January 2024 that have a material effect on the financial statements of the ICAV.

(b) New standards, amendments and interpretations issued and effective after 1 January 2024 and have not been early adopted

There are no standards, interpretations or amendments to existing standards that are effective for annual periods beginning after 1 January 2024 that would be expected to have a significant impact on the ICAV.

INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Notes to the Financial Statements (continued)

5. Number of Shares in Issue and Net Assets Attributable to Redeemable Participating and Non-Participating Shareholders

The net assets attributable to holders of redeemable participating shares in the Sub-Funds are at all times equal to the net asset value ("NAV") of the Sub-Funds. Participating shares, which comprise the capital of the ICAV, are in substance a liability of the ICAV to shareholders. The shares are freely transferable and are all entitled to participate equally in profit and distributions (if any) of the Sub-Funds and in the assets in the event of termination. The participating shares carry no preferential or pre-emptive rights and are in registered form. The movement in the number of participating shares was as follows:

QNB MENA Equities Fund	Class A USD Retail
Shares in issue at 1 January 2023	370,461
Issued during the financial year	1,028
Redeemed during the financial year	(57,369)

Number of shares in issue at 30 June 2024	1,148,154

INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Notes to the Financial Statements (continued)

5. Number of Shares in Issue and Net Assets Attributable to Redeemable Participating and Non-Participating Shareholders (continued)

The authorised share capital of the ICAV is 500,000,000,002 Shares of no par value divided into 2 Subscriber Shares of no par value and 500,000,000,000 shares of no par value.

The Subscriber Shares entitle the holders to attend and vote at any general meetings of the ICAV but do not entitle the holders to participate in the profits or assets of the ICAV except for a return of capital on a winding-up. The Shares entitle the holders to attend and vote at general meetings of the ICAV and (other than the Subscriber Shares) to participate equally in the profits and assets of the Sub-Fund to which the Shares relate, subject to any differences between fees, charges and expenses applicable to different Classes.

6. Tax

Under current law and practice, the ICAV qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis it is not chargeable to Irish tax on its income or capital gains.

However, Irish tax may arise on the happening of a "chargeable event" in the ICAV. A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares, and the holding of shares at the end of each eight-year period beginning with the acquisition of the shares.

No Irish Tax will arise on the ICAV in respect of chargeable events in respect of:

- A shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided that appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the ICAV.
- Certain exempted Irish resident shareholders who have provided the ICAV with the necessary signed statutory declarations.

Dividends and capital gains (if any) received on investments made by the ICAV may be subject to withholding taxes imposed by the country from which the investment income or capital gains are received and such taxes may not be recoverable by the ICAV.

7. Financial Risk Management

The Investment Manager uses the same risk management techniques and continuous risk monitoring as set out in ICAV's audited financial statements for the year ended 31 December 2023. These condensed financial statements should be read in tandem with the audited financial statements.

INTERIM REPORT AND UNAUDITED FINANCIAL STATEMENTS

For the financial period ended 30 June 2024

Notes to the Financial Statements (continued)

8. Fair Value Hierarchy

IFRS 13 - Fair Value Measurement, establishes a three-tier fair value hierarchy that prioritises the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and lowest priority to unobservable inputs (Level 3 measurement). Investments measured and reported at fair value are classified and disclosed in one of the following fair value hierarchy levels based on the significance of the inputs used in measuring their fair value:

Level 1- Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2- Quoted prices in markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly. Fair value is determined using models or other valuation methodologies.

Level 3- Prices or valuations that require inputs that are both significant to the fair value measurement and are unobservable. Unobservable inputs are developed based on the best information available in the circumstances and reflect the Sub-Funds' own assumptions about how market participants would be expected to value the asset or liability.

An investment is always categorised as Level 1, 2 or 3 in its entirety. In certain cases, the fair value measurement for an investment may use a number of different inputs that fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The ICAV's financial instruments are measured at fair value and it is usually possible to determine their fair values within a reasonable range of estimates. Fair value estimates are made at a specific point in time, based on market conditions and information about the financial instrument. These estimates are subjective in nature and involve uncertainties that may require significant judgement (e.g., interest rates, volatility, estimated cash flows etc.) Actual results could differ from these estimates.

As of 30 June 2024, there were no securities categorised as Level 3.

As there were no Level 3 securities held in the Sub-Funds during the financial period, a table of movements in Level 3 investments is not required to be presented.

There were no transfers between levels during the financial period.

Notes to the Financial Statements (continued)

12. Related party transactions

IAS 24 - Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

The Directors, Investment Manager and Manager are related parties to the ICAV.

The Directors Ajay Kumar, David O'Sullivan and Adel Khashabi are employees of Qatar National Bank. The three directors are non-independent, non-executive Directors respectively. Kieran Mulcahy is an employee of the Manager.

The fees earned by the Investment Manager and Directors are disclosed in the Statement of Comprehensive Income.

On 30 June 2024 QNB MENA Equities Fund held 23,484 shares (2023: 40,564 shares) in Qatar National Bank which represented 2.90% (2023: 3.31%) of the total net assets of the Sub-Fund.

13. Connected Persons Disclosure

Regulation 43 of the Central Bank UCITS Regulations 'Restrictions on transactions with connected persons' states that 'A responsible person shall ensure that any transaction between a UCITS and a connected person is a) conducted at arm 's length; and b) in the best interest of the shareholders of the UCITS'.

As required under Regulation 81(4) of the Central Bank UCITS Regulations, the Manager, as responsible person is satisfied that there are arrangements in place, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43(1) are applied to all transactions with a connected person and all transactions with connected persons that were entered into during the period ended 30 June 2021 complied with the obligations that are prescribed by Regulation 43(1).

14. Significant events during the financial period

There were no other significant events during the financial period to report.

15. Significant events since the period end

There have been no significant events subsequent to the financial period ended 30 June 2024 to the date of approval of the financial statements.

16. Approval of financial statements

The Board of Directors approved and authorised for issue the financial statements on 21 August 2024.
